## Workshop: Navigating the INTERACT Meeting and Communicating with the FDA

**Date:** Thursday, February 27, 2025

**Workshop Duration:** 8:00 – 12:00pm

**Optional Networking Lunch:** 12:00 – 1:45pm

**Location:** UCLA Campus, BSRB 154

### About the Workshop

Are you an investigator or study team working on a clinical development plan? Are you looking for valuable insight on how to develop a complete and informative briefing package? Would you like to hear directly from an FDA expert about how to make the most of your early stage interactions?

This workshop will provide investigators an opportunity to hear directly from regulatory professionals, including a distinguished guest speaker from FDA CBER, focusing specifically on how best to approach FDA INTERACT (Initial Targeted Engagement for Regulatory Advice on CBER products) meetings.

### Who Should Attend

Investigators, clinical researchers and study teams, regulatory professionals

### Registration Now Open

### Key Topics Covered

#### Intro to INTERACT Meetings

Overview of an INTERACT meeting briefing packet

#### The FDA Perspective

How build credibility with the FDA and structure your submission for best outcomes

#### Find Help

Where to find assistance and resources in preparation for an INTERACT meeting

#### UCLA Investigator Perspectives

Ask questions about the successful experiences of UCLA investigators

#### Networking Opportunity

Connect with fellow investigators at our optional networking lunch
